

ANNOUNCEMENT

The Borough of Lewisburg is pleased to announce a new partnership with e-loop electronic recycling. Materials currently being accepted include: all computer related equipment, i.e. monitors, laptops, printers, etc., televisions, VCR players, DVD players, stereos, telephones, vacuum cleaners, shampoos, toaster ovens, toasters, blenders, hair dryers, curling irons, microwaves and sealed lead acid batteries, among other things.

The drop-off location is toward the back of the current Borough Recycling Center Compound (Wolfe Field right off of St. Anthony Street) and will function as a “**self-serve**” location due to the size and weight of some of these items. Once filled, the location will be temporarily closed until e-loop can pick-up and refresh the space with new containers.

Your patience and understanding during our electronic recycling is greatly appreciated. There will be a learning curve! Again, please be patient.

Chad N. Smith
Manager
