Comments:

This Flood Certificate is for the US Supply building. Two new building additions were completed recently. One located on the north side of the existing building and one on the east side of the existing building. The elevation listed in Section C2A is the floor elevation of the existing building and the new addition on the east. The new addition on the north has a floor elevation of 463.94 feet. The new additions are connected to the old section of the building, and therefore this Flood Certificate is for the entire building including the old section.
