

Flood Insurance:

Standard homeowner's or renter's insurance policies do not cover losses associated with flooding. However, the Borough of Lewisburg participates in the National Flood Insurance Program which makes it possible for all Borough of Lewisburg property owners and tenants to obtain federally supported flood insurance. This insurance is available to any owner of insurable property; a building or its contents, in the Borough of Lewisburg. For many people, their property and contents represent their greatest investment. We strongly urge you, particularly if you live or own property in the flood hazard area, to buy flood insurance to protect yourself from devastating losses due to flooding. You do not have to live in the floodplain to qualify for flood insurance. Information about flood insurance can be obtained from your insurance agent or by visiting the National Flood Insurance Program's website at www.floodsmart.gov
