

## THE ENLIGHTENER

### Refuse Reminders:

#### Lewisburg Borough Refuse Collection is between the hours of 6:30am – 3:00pm

The Lewisburg Borough Refuse Department would like to remind all residents, property owners, and businesses that collection of your weekly refuse could occur anytime between 6:30 am – 3:00 pm on your scheduled refuse pick-up day. While you may be used to seeing our garbage trucks on your street during a certain time of day, please note that schedules are subject to change due to equipment maintenance, or to make routes more efficient for our Refuse Crew.

It is recommended that you have your bagged refuse in your water-tight container at the curbside/roadside the night before your scheduled day of collection if you're not able to have it out before 6:30 am. Our crews are unable to return for any refuse that was set out late.

Additionally, our Refuse Crew kindly asks that, if possible, you **mark your garbage cans with your house number**. This simple step helps identify containers in windy weather or if they become displaced. Paint or number stickers are typically available at local hardware stores.

Thank you for your cooperation in helping us keep Lewisburg clean and safe!

### Fall Leaf Collection

Leaf collection will begin on October 13, 2025 and run through November 28. Leaf collection follows the street cleaning schedule which is available online. Leaves must be placed in the parking spaces along the curbs prior to 6:30 am on the collection day. No leaves will be collected in alleyways or on the sidewalk. Residents are reminded that vehicles illegally parked on No Parking days will be towed during this time. Towing will begin on October 27, 2025.

**Wolfe Field Complex  
Master Site Development Plan**

Lewisburg Borough has contracted with BSA/Landscape Architecture and LandStudies, Inc. to formulate a Master Site Development Plan for the park area at the northeast corner of the Borough known as Wolfe Field including the Community Garden. Funded in part by the PA Department of Conservation and Natural Resources (DCNR) Community Conservation Partnership Program and Borough funds, the Borough and BSA/Landscape Architecture and LandStudies, Inc. will engage in a highly visible and meaningful participatory planning process. This is one of the most critical components of a successful master site development plan. The community involvement strategy for this project includes Key person interviews, a user survey, and a community workshop. The plan development will kick off with a study committee meeting in August. Stay tuned for the announcement of the date of the community workshop planned for October. Like the Lewisburg Borough Facebook page! Watch for October's Borough newsletter for more information! Plan to be a part of the development of this key resource in the Borough!
